

Crop Scouting Workshop

For: Cotton, Peanut and Soybean

The Clemson Extension Service will conduct a crop scouting school on Thursday, July 29, 2021. This program is designed to teach scouting techniques and identification of insects and disease of cotton, peanut, and soybeans.

Program Agenda:

Morning Session – Cotton/Soybean

9:00am – Meet at Cameron Community Club
9:15am – Introductions/travel to cotton and soybean fields
9:45am – In field sampling and identification – cotton and soybean
Noon – Lunch (Cameron Community Club)

Afternoon Session – Peanut

1:15pm – Introductions/travel to peanut field location
1:45pm – In field sampling and identification – peanut
2:45pm – Wrap up and final discussion

Pesticide recertification credits and Certified Crop Advisor continuing education hours have been applied for. A box lunch will be provided at the end of the morning session, pre-registration via the following Eventbrite links is required. Morning and afternoon sessions are capped at 50 participants each.
