**Subject:** New! Peanut Loan Rate Calculator

Clemson Precision Ag Subscribers,

We've worked with specialists in the Clemson Peanut Program, the Clemson Ag Sciences Program, the Clemson Agribusiness Program, and at the National Peanut Lab to bring you our all new Peanut Loan Rate Calculator.

If you've ever tried to calculate peanut discounts, premiums, and values as a function of outputs on your inspection sheets, you know that the calculations can be overwhelming. We've put a web app together that allows you to perform these calculations effortlessly from your phone or computer for performing your own, unofficial "what-if" scenarios and for converting loan rate to \$/ac basis. You can even explore historical loan rates for the same inputs.

Click the link below to give it a test spin. We hope that you find it useful.

[Take me to the Peanut Loan Rate Calculator](#)

Please let us know if you have any questions and if you have ideas for other tools that we can build to help you do your jobs. We appreciate what you do for the S.C. economy and the agricultural industry.

Thanks,  
Kendall Kirk, Nathan Smith, Dan Anco, Chris Butts, Aaron Turner, and Ben Fogle
